

Waitaria Bay School KEGS Report - Term 1 2026

This year, we have numbered our gardens, and there is a group of students assigned to each garden. We do KEGS with Judith every fortnight.

Garden 1- Henry, Stella, Freddie and Emma

Garden 2- Corben, Jasmine and Willow

Garden 3- Maxen, Ruby and Annie

Weeks 1/2

After the holiday break, there was a lot of weeding to be done. We pulled out the beetroot and some weeds. We helped each other by holding the plants so that we could find the weeds. There is brown dirt in our garden. We picked a tomato and ate it. We weeded the garden, and there was lots of blue borage. Blue borage is spiky, but the bees love it. We harvested the capsicum. We took the weeds to the paddock. The herb garden and the Community Plant shop had a tidy up as well.

Weeks 3/4

We planted three pots of asian greens. We picked capsicum and some spring onions. We picked lots of broccoli and cucumbers and weeded around the lettuce. We pulled out a foxglove. We planted some carrot seeds.

Weeks 5/6

We pulled some weeds. We harvested parsley and apple cucumber and tidied up the herb garden again. We raked the garden in preparation for planting potatoes. We found some zucchini. Judith and Annie cut the yucky ends off and we cut off some of the leaves. We are using toilet rolls to plant seedlings- spring onions, broad beans, beetroot and peas. We made eggshell cress heads. We crushed eggshells and sprinkled it on the garden to deter slugs and snails and add nutrients to the soil.

Week 7/8

The potatoes went in the garden. We harvested lots of passionfruit and made passionfruit iceblocks. In the no-dig garden at the front of our classroom we pulled out lots of stink weed, and we dug out a plum tree that was growing from someone's pip. We took home seed pods from the swan plant to try to grow at home. We planted some geraniums and some daffodil bulbs next to the geranium.

From our KEGS garden harvest this term we made-

Zucchini Slice

Zucchini Fritters

Zucchini Chocolate Cake

Zucchini Lemon Honey

Broccoli, cucumber salad with a special dressing

Zucchini flour

Passionfruit ice blocks

Dried chives
